Action

VIDEOGRAPHY (HDV & SD), DIRECTING & WRITING SERVICES, VIDEOS ONTO DVD, DUPLICATION, AND 8MM FILM TRANSFERS

VIDEOGRAPHY

Building on over 25 years in video production, Digital Tricycle is able to provide a well-rounded assortment of services to both business and consumers. We can provide experienced digital videography in both standard definition (SD) and high definition (HDV) for TV spots, corporate/industrial videos, events, sports, documentary, medical, training, and many other types of projects for all types of audiences.

DIRECTING & WRITING SERVICES

We have written award-winning scripts and copy, and directed film, video, radio, and live business theater, for more than 200 major corporations including publishers, manufacturers, retailers, medical firms, financial institutions, and service companies, as well as for non-profit institutions such as schools, government, and charities.

VIDEO EDITING

While we do not videotape events in certain specialty categories (weddings, bar/bat mitzvahs), we can turn your unedited camera footage from these and other occasions into a memorable, professionally edited video production complete with music, titles, and effects sure to highlight the emotions of your event. It makes the perfect gift or memory archive for family, friends, or business associates.

Thanks to our in-house resources, combined with partnerships with other professional production firms throughout the region, Digital Tricycle is able to provide all the latest “action” services with an unbeatable combination of quality and low-price.

* Prices and specifications subject to change without notice. Prices do not include sales tax. Cash or checks accepted as payment, but not credit cards at this time. All work is C.O.D. unless prior arrangements have been made. All work guaranteed for 30 days.

61-120 minutes \$30

Medium Quality (moderate compression)

120-240 minutes \$40

Low Quality (high compression)

241-360 minutes \$45

DVD copies(each) \$10

* Prices and specifications subject to change without notice. Prices do not include sales tax. Cash or checks accepted as payment, but not credit cards at this time. All work is C.O.D. unless prior arrangements have been made. All work guaranteed for 30 days.

BASIC TAPE-TO-DVD PACKAGES

Our DVD Packages offer slightly higher image quality than our tape-to-DVD duplication due to our use of the highest quality variable bit rate encoding. Plus, because we begin by carefully digitizing your video into our powerful computer systems, we're able to ensure a nice, clean starting and ending, and we delete any long sections of unwanted footage, thereby enhancing your viewing experience.

These packages are perfect for preserving action images of family, friends, sporting events, parties, holidays, vacations, public and private events, weddings, children's parties, and many other occasions.

BASIC 30: *Ideal for home movie videos!*

Digitize up to 30 minutes of video footage from any single VHS, 8mm, Hi8, Digital 8, or miniDV videotape. Adjust beginning and end of clips to delete bad frames and delete sections of undesirable footage. Generate automatic chapters at 5-minute intervals. Place onto an auto-run video DVD with an attractive "play" menu. Print text-only label onto disc. Insert into slimline jewel case. \$40

Add VHS copy (when ordered at the same time), each \$25

DVD copies (each; quantity discounts available) \$10

BASIC 60 OR 120: *Ideal for longer home movie videos and preservation!*

Basic 60: Same as Basic 30, but includes up to 60 minutes of video footage \$50

Basic 120 \$65

Basic 60: Add VHS copy (when ordered at the same time) \$33

 Basic 120 \$39

DVD copies with labels and case (each; quantity discounts available)

 Basic 60/120 \$10

* Prices and specifications subject to change without notice. Prices do not include sales tax. Cash or checks accepted as payment, but not credit cards at this time. All work is C.O.D. unless prior arrangements have been made. All work guaranteed for 30 days.

ENHANCED TAPE-TO-DVD PACKAGES

Our Enhanced DVD Packages add video editing to create excitement or emotional titles/transitions and to delete “bad” footage. We also carefully insert manual chapter points, resulting in a nicely edited video program that we place onto a video DVD (with graphical main and chapter menus, with accompanying menu music). We also print a color photo label onto your disc.

ENHANCED 30: *Ideal for memorial, event, and gift videos!*

Enhanced 30: 30 minutes of editing to create exciting titles/transitions and to delete “bad” footage, and includes up to 12 chapter points, resulting in a 30-minute edited video program..... \$90
 Using files from our film transfer of your 8mm film footage..... \$75
 DVD copies with labels and case (each; quantity discounts available) \$13

ENHANCED 60/90/120:

Enhanced 60: Same as Enhanced 30, but adds up to 60 minutes of editing and includes up to 16 chapter points, resulting in a 60-minute edited video program\$140
 Using files from our film transfer of your 8mm footage\$125

Enhanced 90: Same as Enhanced 30, but adds up to 75 minutes of editing and includes up to 20 chapter points, resulting in a 90-minute edited video program\$175
 Using files from our film transfer of your 8mm footage\$150

Enhanced 120: Same as Enhanced 30, but adds up to 90 minutes of editing and includes up to 24 chapter points, resulting in a 2-hour edited video program\$215
 Using files from our film transfer of your 8mm footage\$195

DVD copies with labels and case (each; quantity discounts available)
 Enhanced 60/90/120..... \$14

ENHANCED ADD-ONS:

DIGITIZE SUPER 8 OR REGULAR 8MM FILMS

Digital Tricycle captures your precious 8mm film memories using professional frame-by-frame digital transfer technology — closely monitored for quality control — that maximizes the quality of each frame, resulting in a beautiful computerized video file that can then be optimized and transferred to DVD or to videotape! Our experienced staff editors can even edit your films — deleting undesirable footage, adding titles, transitions, and music. (Inquire at time of order.)

Where others may transfer your film directly to DVD, our custom process ensures maximum quality while ensuring that you can request additional editing, music, or other enhancements *without having to re-digitize your film footage!* (Your footage will be kept on the computer a minimum of 2 months after order fulfillment.)

Note: Orders consisting of multiple 50-foot reels (3 or more) require the purchase of one 400' reel-and-can set (\$9) for each group of (8) 50-foot reels. We will splice your films together, add leader at the head to ensure safe handling, and place the film onto the new reel to ensure safe, archival storage.

- ❖ Clean and digitize your film (includes repairing tears and broken splices, and trimming undesirable footage; *minimum order \$40*; includes Video DVD, or QuickTime files on data DVD)..... per foot \$0.24
- ❖ Place film transfers onto upgraded DVD: *see page 15 for Enhanced DVDs and pricing.*
- ❖ Reel and can (required for orders consisting of 3 or more 50-foot reels) \$9
- ❖ 200-foot reel (no can)..... \$4
- ❖ Transfer digitized film files to VHS tapeadd \$20 per half-hour of film
- ❖ Archive your footage onto MiniDV videotape via digital transfer
.....add \$25 1st 1/2 hour / \$15 per subsequent 1/2 hour *
* Highly recommended for high-quality, long-term storage.

* Prices and specifications subject to change without notice. Prices do not include sales tax. Cash or checks accepted as payment, but not credit cards at this time. All work is C.O.D. unless prior arrangements have been made. All work guaranteed for 30 days.
